

**5th graders, Welcome to class 3!** I hope you have successfully completed class 1 and 2 so you understand class 3. I'm sure you did it well since I didn't get any doubt, question or comment.

Before we move forward, remember to write down the date!

- Tuesday, March 24<sup>th</sup> 2020
- It's still summer... wait! **It's not!!** We are in a new season already!! So, Welcome **AUTUMN!** (My favorite season)
- Is it hot? Cold? Nop... It is **"lukewarm"** (I bet it's a new word for you) Here is the pronunciation: [Pronunciation](#)
- Today we will use all the new vocabulary and create sentences in context using the previous knowledge.
  1. Check the ppt presentation and say the words at loud, you can check the pronunciation of each word here: <https://www.wordreference.com> just write the word and it will show the meaning and the pronunciation.
  2. Keep going through each slide and complete the exercises in your copybook.
  3. When you get to the last slide, read the instructions carefully, the take your time to create one sentence per new word of the vocabulary, you can use the online dictionary I gave you above, do it as the example given.
  4. If you are in this step is because you already finished all, congratulations!! Great job!, now I just need you to write the answer to these three things about today's activity:

✚ **One thing is not clear at all** 😞

✚ **One thing I think I don't understand very well yet**

✚ **One thing I definitely understood well** 😊

**Remember to send me an email with doubts if you need to! Stay home, be safe and (I hope) I will see you soon!**

*Love, Miss Poulette*
