

Welcome to class 4!

Write down the date:

- Thursday, March 26th 2020
- It's autumn
- It's sunny and still hot
- Today we will write and talk about our hobbies and interest.

We have read the text about a volunteer who spends time helping others, now I want to read and hear you talking about your own interests.

- Following the example on page 6, I want you to write down about what you do in your free time, try to include the words of the new vocabulary and all what we have seen in class. No more than 6 paragraphs (as the text on page 6) Tell us what do you do in your free time, describe your hobby, compare it with what your parents used to do at your age, feel free!
- When you finish your writing, record yourself reading it, I want to hear your voices, so it is important **to talk clearly and loud**, you can send me an audio or a video.

Send me both: Writing and recording to my email: pgutierrez@colegioingles.cl

Due date: Tuesday, March 31st before 12pm.

I am here to solve doubts!! Just send me an email if you need anything.

Take care and be safe

Lots of love, Miss Poulette
